- Medical supplies for practice will be provided to each student.

🏠 **Location:** American Fork PD
📅 **Date:** July 30th & 31st 2024
🕒 **Time:** 0900 – Until Complete

DAY TWO

V. 0900 – UTC Team Based Full Spectrum Scenario Integration

Participants are split into groups for multiple K9 Casualty simulations with an interactive North American Rescue or Tac Med Solutions K9 First Aid Training Mannequin.

Scenarios are designed to achieve specific objectives focusing on communication and controlled chaos.

VI. After Action Review

At the conclusion of the class contact information will be collected for training certificate delivery and to share course resources including recommended equipment lists and discount codes

Students will be asked to anonymously write down or openly discuss three things they liked about the class and three things they would like to see improved.
